Master of Information Technology candidate at UQ (GPA: 6.0/7.0) pairing full-stack software development with a professional foundation in Economics and Finance. Track record of turning business problems into working technology — an AI-driven intelligence engine, an automated government workflow, a client-facing digital process — delivered by engaging stakeholders directly, not just writing code in isolation. Seeking to bring that combination of technical delivery and client-facing consulting instinct to EY's Technology Consulting graduate program.

TECHNICAL & CONSULTING COMPETENCIES

Technology & Engineering: Python, Java, SQL, JavaScript/TypeScript, HTML/CSS, React/Next.js, Django, RESTful APIs

Consulting & Delivery: Stakeholder Engagement, Requirements Elicitation, Business Process Digitisation, Agile/Scrum Methodologies, UI/UX Prototyping (Figma), Technical Documentation

Data & DevOps: MySQL, MongoDB, Git/GitHub, Docker, Apache Airflow (ETL)

EDUCATION & CAPSTONE PROJECT

MASTER OF INFORMATION TECHNOLOGY | The University of Queensland (*Graduating November 2026*)

Cumulative GPA: 6.0/7.0 (Distinction Average) | Relevant Coursework: Relational Database Systems, Human-Computer Interaction, Cloud Computing, Algorithms and Data Structures, Information Retrieval and Web Search

Capstone Project (EventNow): End-to-end SDLC management of a full-stack platform integrating LLM APIs for smart content generation, Google OAuth 2.0, and RESTful architectures.

MASTER OF ECONOMICS AND FINANCE | Tamkang University (*December 2019*)

BACHELOR OF ECONOMICS | Tamkang University (*December 2018*)

PROFESSIONAL & ENGINEERING EXPERIENCE

INTELLIGENT SYSTEM R&D INTERN | Star Trade (HDRE Group), Taiwan (*June 2026 - July 2026*)

- Architected a Django-based Context-Aware Intelligence Engine that asynchronously calls OpenAI APIs to generate B2B pitches, translating an emerging AI capability into a commercially usable client-facing tool.
- Engineered nightly Apache Airflow ETL pipelines with optimised MongoDB indices, cutting system latency by 50% and strengthening the data architecture behind a scaling business process.

BUSINESS SUPPORT PARTNER INTERN | IT LANDS, NRMMRRD, Queensland State Government (*Oct 2025 - Jan 2026*)

- Led the 'Finance Forms' digital transformation using Power Apps, Power Automate and SharePoint, automating manual data validation and projected to lift processing efficiency by 30% for the department.
- Facilitated UI/UX workshops with 10+ cross-functional stakeholders to translate complex compliance rules into an intuitive application — reducing delivery risk and accelerating user adoption.

BUSINESS DEVELOPMENT CONSULTANT INTERN | Practera (SAIEP Project), Remote (*June 2025 - July 2025*)

- Delivered market analysis and strategic recommendations for a media client, with 4 of 5 recommendations adopted — evidencing commercial acumen, structured problem-solving, and clear client communication.

FINANCIAL SERVICES CONSULTANT | E.SUN Commercial Bank, Taiwan (*August 2022 - April 2024*)

- Managed daily consultations for 20+ high-value retail portfolios, achieving 120% of performance KPIs while partnering with the digital product team to cut client wait times by 10%.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

- **Vice President, UQ Graduate Union of Taiwanese Students** (*Jan 2026 - Dec 2026*) — Led strategic governance for 100+ members and delivered cultural events for 200+ attendees, building stakeholder management and team leadership experience.
- **Volunteer, Australia Career Forum** (*2025 - 2026*) — Applied structured problem-solving and coordinated community events for 50+ attendees.
